

# **INTRODUCING....**

## **UltraGrip™ Lo 4300 Primer System**

Regulatory compliance ✓

Low Odor ✓

Low VOC (< 100 g/l) ✓

Performance and Sprayability Like UltraGrip 4000 ✓

### **UltraGrip Lo 4300 Primer System**

- Two component, high-build system for a wide range of substrates
- Excellent coverage and adhesion performance, like UltraGrip 4000
- Significantly lower odor than standard refinishing primer systems
- Compliant with the most stringent VOC regulations
  - VOC level less than 100 g/l
  - Not restricted to the California small container exemption
- Mix ratio: 1 part resin : ½ part catalyst : 1 part reducer
- To ensure VOC compliance, must use as kit in defined ratios

### **Availability – for sample and sale in kits only**

Package	Resin	Catalyst	Reducer
Sample Kit	1 quart	1 pint	1 quart
2.5 Gallon Kit	1 gallon	½ gallon	1 gallon
5 Gallon Kit	2 gallons	1 gallon	2 gallons
