Achieve the Look of Natural Stone at a Fraction of the Price

- Three color collections to match a variety of design styles:
 - Mineral Collection
 - Earth Collection
 - Loft Collection
- Clear coated for lasting durability
- Return to service in as little as one day
- Less inconvenience than renovation, with less waste
- Environmentally preferred, water-based multi-color finish
- Low odor, low VOC, FDA-compliant topcoat options are available

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

BEFORE

AFTER

Add Sterlion™ silver ion antimicrobial technology to any StoneFlecks Ultra coating to protect the surface from the harmful effects of bacteria.

The Mineral Collection

A series of gray colors with richness and depth ranging from the cool tones of the frozen tundra to the darkness of deep space.

BEFORE

AFTER

Mineral Collection

005-Fieldstone

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Mineral Collection

067-Muir Woods

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Mineral Collection

068-River Rock

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Mineral Collection

192-Dover

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Mineral Collection

196-Castlerock

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Mineral Collection

198-Charcoal

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

The background of the entire page is a detailed, high-resolution image of a granite surface. It features a complex, speckled pattern with various shades of light gray, beige, and off-white, interspersed with small, dark brown and black mineral flecks and veins. The texture appears natural and slightly uneven, characteristic of a stone finish.

Mineral Collection

199-Granite

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Mineral Collection

251-Clay

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Mineral Collection

572-White Vein

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Mineral Collection

Burren Grey

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Mineral Collection

Basalt

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Mineral Collection 705-Midnight Sky

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

The Loft Collection

A series of concrete-inspired colors ranging from cool tones to muted neutrals. This collection captures the popular sophistication and resilience of contemporary industrial loft spaces.

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Earth Collection

829-Java

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Increase the functionality of a coated surface with optional additives

ANTIMICROBIAL

Sterlion™ antimicrobial technology helps protect the surface from the harmful effects of product-damaging bacteria

TRACTION ADDITIVE

Standfast™ traction additive integrates into the cured coating, offering a slip-resistant finish to the surface

FLECK ENHANCER

Dynamic Fleck Enhancer™ enlarges the multi-color particles in a StoneFlecks Ultra coating to create a more natural appearance

METALLIC

Dream Metallics, available in six beautiful, modern colors; gold, silver, pearl, bronze, ebony and copper, create a metallic shimmer to any StoneFlecks Ultra coated surface

ODOR ELIMINATOR

Fresh Scent™ modifies and masks the chemical odor during the application process and continues to emit a pleasant scent throughout the curing process
